

## What's your Venture?

"Venturesome turned 5 years old last month. The engines have 2,300 hours on them and are running great. We have logged over 20,000 miles on the boat, no cracks, no loose bolts, no anything. To say we are thrilled with hull 251 would be an understatement. So tell the boys to keep turning out a great product."

**-Steve Mazzola, Owner, Venturesome 34'**
